Tier 4

TIER 4 - CRITERIA

Specific university legislation around student (or even staff) IP ownership does not appear to exist. Furthermore, even when some university hyperlinks indicate that IP-related policies may exist, these are only made available upon site login using a university ID. Nonetheless, some universities make available Copyright Policies or Research Ethics Policies or Regulations (which touch upon types of IP rights).

OTHER UNIVERSITIES IN TIER 4

University of Birmingham
University of Liverpool
